Shreeya Tamang

I'm a Computer Engineering student passionate about AI and machine learning. I'm into coding, building stuff, and figuring out how things work. I stay updated on the newest AI trends and love working with others to solve problems.

Experience

○ 2024-2025

NTC: Nepal Tek Community

Tech Lead

At NTC, I've demonstrated strong leadership skills by effectively coordinating project timelines, delegating tasks, and providing mentorship to team members. I've been instrumental in driving the adoption of best practices and technologies, leading to improved efficiency and quality in our deliverables.

○ 2022-2026

Nosk (Nepal Open source klub)

Contributor

As an active member of the Nepal Open Source Klub (NOSK), I've engaged in a vibrant community dedicated to promoting open-source technologies and collaborative development practices. Within NOSK, I've participated in various initiatives such as organizing workshops, hackathons, and contributing to open-source projects.
